## Points for Prayer – May 2019

### For Thanksgiving

- For the large and varied consignment of special requests sent off before Easter, including a library collection for a college in Tanzania, sponsored by a church in the north of England.
- For the completion and distribution of our 2018 Annual Report.
- For progress in making our preloved collection more widely available. This month, the first edition of the catalogue (4000 titles) will be made available on our website to selected recipients. An Android App is in the pipeline.

### For Prayer

- The packing of 500 library parcels over the coming weeks, each containing a collection of four books including Peter Horrobin's substantial *Healing through Deliverance* - volumes 1 and 2. This operation involves accurate updating of our database and tracing changes of addresses etc.
- For the funds necessary to cover the freight costs for these mailings. Another £7,500 needed.
- For the final preparations of the Malawi library top-up. This is nearly ready to be taken to the container for shipping, together with flat-packed bookcases. One of our biggest shipments ever!
